Prefix First Name Last Name,

Spring has sprung and how things have changed since Easter.

We have our first American Pope in the history of our Catholic faith! Pope Leo from Chicago was born to a working class family and is known for his sharp wit, compassionate heart and his tireless commitment to Social Justice. He grew up watching Cubs games at Wrigley Field with his Grandfather and is known to slip in "Go Cubs Go" under his breath before mass.

May is also Ordination month and the Dubuque Diocese will ordain a new priest, Hung Le. It's such a beautiful ceremony where most of the active and retired priests come together to pray with and welcome the newly ordained priest and reflect on their vows. A recently ordained priest described his ordination day as an "overwhelming sense of surrender and joy. He belonged to God and His people and felt the desire to serve with love, sacrifice and unwavering faith."

The St Elizabeth's Men of Action will continue to pray for Pope Leo, all of our priests and soon to be Fr Hung Le on his special day.

St Elizabeth Ann Seton Men of Action
